## **DETAILED ACTION**

The amendment, declaration and sequence filed on July 9, 2003 have been entered.

The text of those sections of Title 35, U.S. Code not included in this action can be found in the prior Office action.

#### Drawings

An Official Draftsman has approved the drawings.

### Claim Rejections - 35 USC § 112

Claim 1 remains rejected under 35 U.S.C. 112, first and second paragraphs with regard to the requirements of 35 U.S.C. 161, 35 U.S.C. 162, 35 U.S.C. 164 and 35 CFR 1.163(a) for the reasons stated in the previous Office Action (paper number 6, pp. 4-8).

The following issues raised in the previous Office Action have not been addressed in the Applicants' response:

- A. The specification does not "particularly point out where the variety of plant has been asexually reproduced". Correction is required.
- B. Applicants should set forth in the specification a botanical description of the leaf sheath's length, type, margin, surface texture and color designation with reference from an employed color chart
- C. Applicants should set forth in the specification a botanical description of the ligules color designation with reference to an employed color chart.

Application/Control Number: 10/067,808

Art Unit: 1661

D. Applicants should set forth in the specification the sizes of the awn, palea, and lemma.

E. Applicants should set forth in the specification the number of anthers, color designation with reference to an employed color chart of the stigmas and ovaries, and size of the ovaries.

F. Applicants should set forth in the specification the seed size.

Applicants' amendment necessitated the following new grounds of rejection:

- G. Page 13, line 2, the recitation "A. Maerzard and M. Reapaul" is incorrectly spelled and should be changed to read -- A. Maerz and M. Rea Paul --.
- H. Page 13, lines 15, the recitation "The color is light brown, 1E18" does not appear to correspond with Methum Handbook of Colours. The color appears close to gray, if accurate. Applicants should check for accuracy.
- I. Page 14, line 9, the recitation "Plate 7, Row 10 of 'A Dictionary of Color" is unclear because applicants have not disclose which color (columns A, C, E, H, J, or L). Clarification and correction are necessary.

#### Conclusion

No claim is allowed.

Application/Control Number: 10/067,808

Art Unit: 1661

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
